

The map illustrates the public transport network in the Jura region of Switzerland. It shows a dense network of bus and train lines connecting various towns and villages. Key locations include Gland, Rolle, Aubonne, Etoy, and Allaman. The map also shows the location of Lac Léman (Lake Geneva) and the border with France. The network is color-coded by line number and type, with yellow lines for bus routes and black lines for train routes. The map is oriented with North at the top.
